A Fun Brain Tease for Young Explorers! 17

Sudhir Kukreja
Co-Founder & CEO,
Kidzonia International
Preschool

Dear Parents,

It fills me with immense joy to share yet another vibrant edition of **Kidzo Konnect** a reflection of the joy, learning, and achievements unfolding every day across our Kidzonia campuses.

This year, we introduce a refreshed curriculum designed to spark deeper curiosity, foster hands on learning, and encourage children to think, feel and create. It's a curriculum that doesn't just teach, it allows children to live their lessons through **stories, roleplay, nature, movement** and **more**.

From first steps into classrooms to confident performances on stage, every moment is a milestone in their journey.

At Kidzonia, we believe learning is not bound by walls or worksheets. It happens when a child plants a seed, wears a costume, asks a "why", or sings out loud without fear.

This newsletter is not just an update it's a celebration of those tiny triumphs and the incredible teamwork behind them.

As we expand to new centers and introduce exciting programs, I thank you, dear parents, for your trust and partnership. Your support makes this journey meaningful.

Here's to more smiles, stories, and shining stars ahead!

Warm regards,

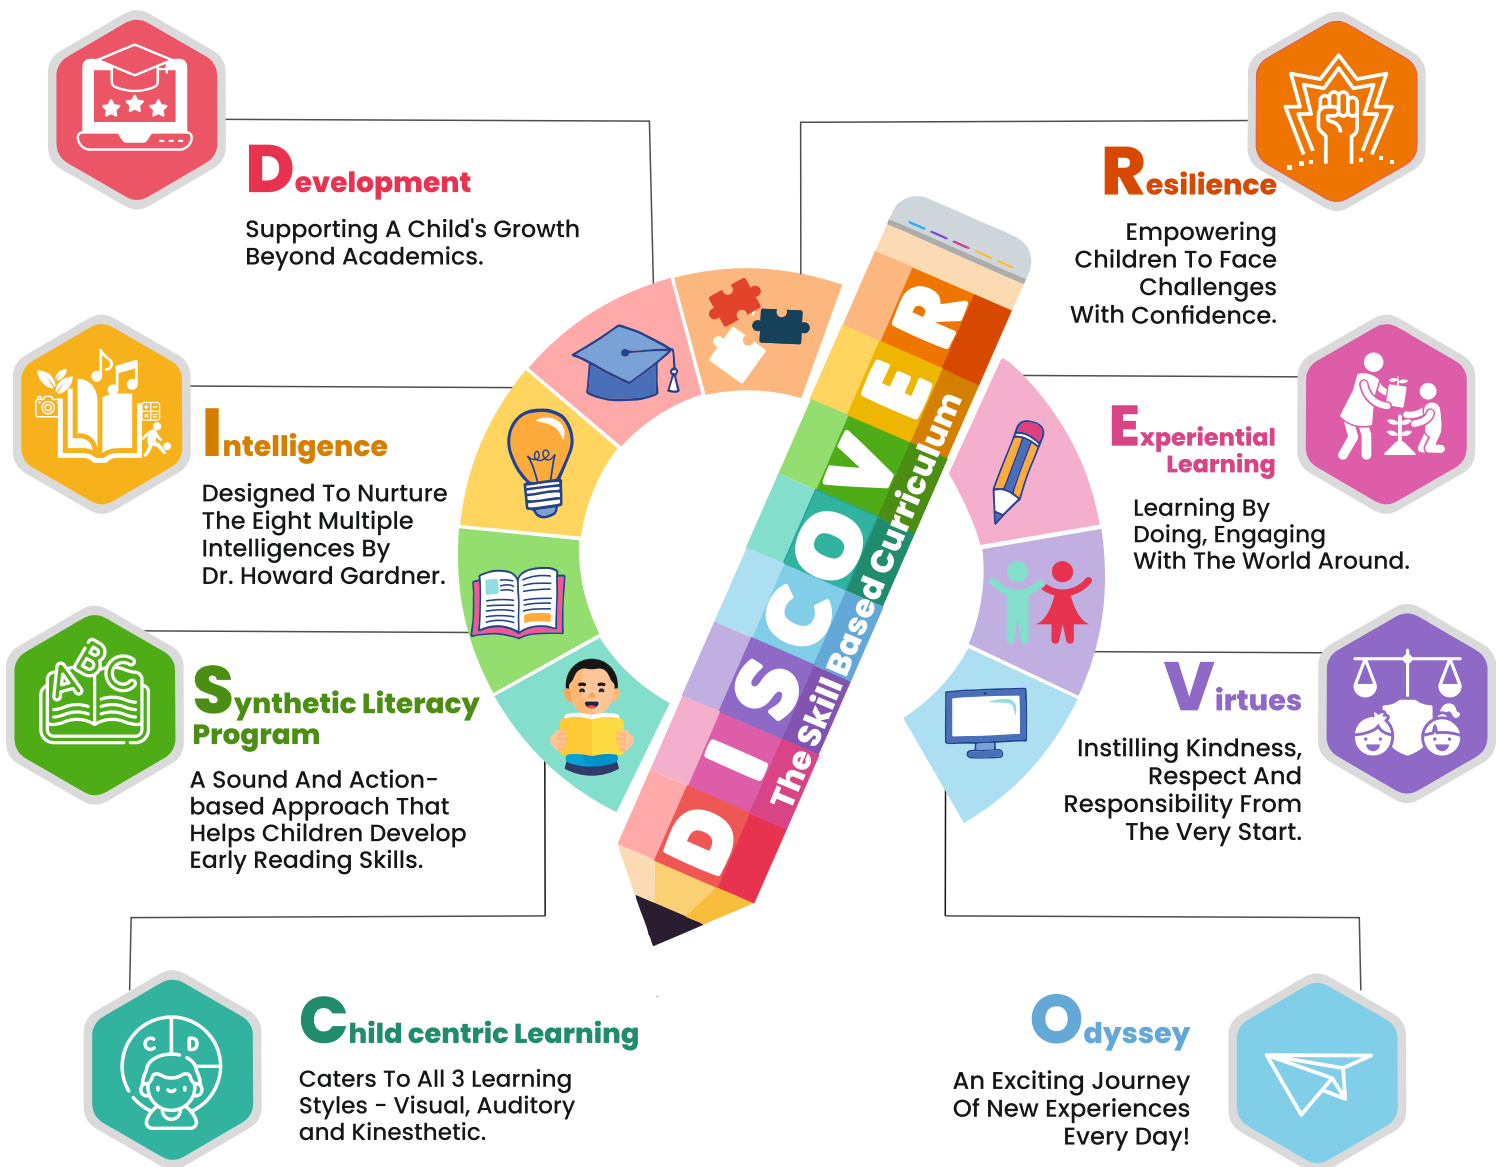

Sudhir Kukreja

Announcing the launch of **DISCOVER – The Skill Based Curriculum!**

The newly revamped **DISCOVER Curriculum** marks a significant shift from traditional education methods. It has a **balanced focus on both development and education**. Inspired by global best practices in early childhood education, the new curriculum prioritizes all round development and **prepares them for life!**

FIRST DAY OF SCHOOL

Welcome to the School of Experiences

**Tiffin packed, uniforms ready,
hearts racing!**

The first day of school isn't just a new beginning — it's the opening scene in your child's first big adventure.

From nervous hugs at the gate to joyful high-fives in the classroom, it was a day painted with excitement, wonder, and a little sprinkle of magic.

This year, we welcomed our little learners with a fresh, play-inspired curriculum focused on real-world connections, creativity, and child-led exploration. Classrooms turned into castles, books became bridges, and every corner sparked imagination.

The buzz in the air, the colours, the tiny feet chasing big dreams — everything said one thing:
**Kidzonia isn't just a school
— it's a wonderland where every
child's story begins with joy.**

Tathawade, Marunji & Ravet, Pune — Where Dreams Have a New Address

There's something magical about walking into a Kidzonia campus. It's not just the colours or the giggles in the air—it's the deep sense that every corner is built with love, imagination, and intention.

With hearts full of pride, we opened three new Kidzonia centers in Tathawade, Marunji, and Ravet, Pune. Each one is more than a school—it's a thoughtfully designed world where children explore freely, express boldly, and grow joyfully. These aren't just buildings. These are childhoods in the making.

These aren't just buildings.
These are childhoods in the making.

REPUBLIC DAY

Of Dreams, Postcards & Our Very Own Constitution

This wasn't just about flags and songs—it was about understanding the roots of our nation and planting the seeds of leadership in young minds.

How often do you get to write directly to the Prime Minister of India? This Republic Day at Kidzonía, our children did just that. Over 1000 heartfelt **postcards** were written by our little dreamers and their parents—sharing visions of the India they want to live in. From wishing for greener parks to cleaner rivers, their words were pure, powerful, and real. But we didn't stop there.

We Solved the India Puzzle – Parents and kids worked together, assembling a giant puzzle of Indian states, learning how beautifully diverse and united our country truly is.

We Wrote Our Own Constitution – Yes, you read that right. Families came together to create their own set of values—The Constitution of Kidzonía—filled with rules like: Be kind, Always try again, and Keep your promises. It was not just symbolic; it was a moment of understanding rights, respect, and responsibility.

Take-Home Activity: Build Your Own Family Constitution

This simple yet powerful exercise sparked heartfelt conversations at dinner tables—about fairness, trust, and dreams.

It was a day where patriotism was not just felt—it was lived.

ANNUAL DAY

Little Dreamers in Action

Where Every Child Became a Star

Kidzonias Annual Day was a night to remember—where imagination took center stage and every child dazzled with confidence and joy.

The event began with Saraswati Vandana and the National Anthem, grounding us in culture and unity. What followed was a burst of color, rhythm, and expression. From Hakuna Matata to Rise Up, our Kidzos danced, acted, and narrated their way through powerful themes of courage, joy, and resilience.

With every costume, prop, and line delivered with pride, they weren't just performers—they were storytellers. The stage transformed into a world of dreams, and the audience into a sea of proud, teary-eyed parents.

Why Performing Arts Matter:

- Boosts confidence
- Encourages self-expression
- Fosters creativity and imagination
- Teaches teamwork and patience

Annual Day wasn't a show. It was a celebration of who these children are becoming. And as the curtain fell, the applause echoed one truth: At Kidzonias, every child is a dreamer—and every dreamer takes the stage!

THE HEARTBEAT OF KIDZONIA

Celebrating Our “Didis”

Step into any Kidzonia center, and you’ll see bright walls, smiling children, and playful learning. But behind all of that joy is a quiet force—our Didis.

From the moment the school gates open, our Didis are there. With warm hands and watchful eyes, they welcome each child like their own. They don’t just look after the children—they care for them in the truest sense of the word.

- Wash tiny hands after messy play.
- Gently rock crying toddlers to sleep.
- Pack tiffins with love when a child forgets theirs.
- Ensure every corner is spotless and safe.
- Smile through it all, every single day.

**Soft
Pat!**

**Safe

HEROES WIT

Our Didis are the first to arrive and often the last to leave. You may not hear them speak much, but their actions say it all:

Main hoon na! (I'm here for you!)

At Kidzonía, they are not just support staff - They are the soul of our ecosystem!

**Warm

HALL OF FAME

Celebrating Recognition & Excellence

At Kidzonía, we don't chase awards — we chase excellence. And when excellence gets recognized, it becomes a moment of pride, reflection, and renewed purpose.

Every trophy, every certificate, every mention is a reminder of the hundreds of smiles, lessons, late-night brainstorming, and magical classroom moments that shaped it.

This year, our journey of love, learning, and leadership was once again honoured by prestigious platforms:

BW 40 Under 40:

Our visionary CEO, Sudhir Kukreja, was recognised for transforming early education with passion and purpose.

These accolades don't just belong to us — they belong to every teacher, parent, support staff, and little dreamer who believed in the Kidzonía vision.

They tell the world what we already know — that every child deserves a magical start.

SUMMER CAMP

A Season of Play, Discovery & Laughter

At Kidzonía, summer wasn't just a break from school—it was a beautiful burst of joy, creativity, and unforgettable moments.

From the first splash in the pool to the last messy brushstroke on canvas, every day was a new story waiting to be told. Children arrived with eyes full of curiosity and hearts ready for adventure. They danced through rhymes, built forts of imagination, chased bubbles, and asked a thousand "whys" during fizzy science experiments that turned classrooms into labs of wonder.

But beneath all the fun, something deeper was happening...

They ran, climbed, poured sand, and painted—building strength and coordination with every giggle. They solved little mysteries on nature walks and water play—growing curious minds and confident thinkers. They shared crayons, waited their turns, cheered for their teams—learning friendship, patience, and empathy. They followed routines—drinking water, choosing fruits, cleaning up after play—building habits that last a lifetime.

Summer at Kidzonía wasn't just hot—it was **happening**.
It was fun. It was learning.
It was **childhood in full bloom**.
