## Dear Kidzonía Family,

At Kidzonía - The School of Experiences, we continue to build an environment where every child learns through exploration, engagement and meaningful experiences. Our focus has always been to nurture confident, curious and creative young minds through a journey that goes beyond traditional learning.

It gives me great pleasure to introduce the **7th Edition of Kidzo Kconnect**, which brings together some of the most exciting developments across our Kidzonía community. This edition offers a glimpse into our recent milestones, including the launch of our new centers, the vibrant events that brought our classrooms to life, and a significant step forward with the introduction of our new brand - **Tykes Early Years**.

Each highlight in this newsletter reflects our continuous effort to innovate, grow and provide enriching experiences for our children.

From celebrations and hands-on activities to new beginnings, every moment captured here is a testament to our vision of holistic early education.

As we expand and evolve, our commitment remains the same - to create joyful learning spaces where every child feels inspired to learn and confident to grow.

I sincerely thank our parents, educators and team members for being an integral part of this journey and for your continued trust in us.

Warm regards,

Sudhir Kukreja
